 - #2 Prof. Clara LAU “Is it safe to use estrogenic herbs in breast cancer patients?”
 - #3 Seong-Gyu KO “Anti-cancer New Herbal Medicinal Product Development with Promising Molecular Targets”
 - #4 Namkwen KIM “Korean Medicine Clinical Practice Guideline”
- 13:00-14:30 Lunch (Cafeteria, Happy Dormitory)
 - * Special Lunch for VIPs (B1, Korean Medicine Building), Remarks by DHU
- 14:30-15:30 Parallel Sessions (Part 1)
 - Classroom 213&214 / #413, Korean Medicine Building

<Parallel Session A – Quality Control>

Chaired by Prof. Monique Simmonds and Mr Abraham Chan

Speaker #1 Prof. Min YE “Glycosyltransferases in the biosynthesis of TCM compounds”

Speaker #2 Mr. Abraham CHAN and Dr. Hisayoshi NORIMOTO “Current Situation of Concentrated Chinese Medicine Granules and Its Challenge for Standardization”

Speaker #3 Dr. Cindy YANG “Quality control of Shengma”

Speaker #4 Hyo Jung KIM "Standardization of manufacturing process for safety and efficacy of pharmacopuncture"

Speaker #5 Prof. Chun Guang LI "Analysis of complex Chinese herbal medicines"

<Parallel Session B – Pharmacology and Toxicology>

Chaired by Prof. Pierre DUEZ (Chair) and Prof. Hongxi XU (Co-Chair)

Speaker #1 Prof. Pierre DUEZ "WHO strategy for traditional medicines"

Speaker #2 Prof. Rong Rong HE "Pharmacological evaluation of Chinese patent herbal medicine: a hard nut to crack"

Speaker #3 Dr. Qihe XU "Taming the fire of nephrotoxic botanicals"

Speaker #4 Dr. Mei WANG "Traditional use of ginseng revisited"

Speaker #5 [TBD](#)

< Parallel Session C – Herbal formulation and Acupuncture> Supported by HCLD

Chaired by Prof. Bong Hyo Lee

Speaker #1 Prof. Sung Tae Koo "Spinal mechanism of analgesic effects of acupuncture in the rat model of persistent pain"

Speaker #2 Prof. Hi-Joon Park "Acupuncture can modulate levodopa-induced dyskinesia via hypothalamus in Parkinson's disease"

Speaker #3 Dr. Yeon Hee Ryu "Characteristics of and Changes in Biopotentials on the Skin at Acupuncture Points Due to Acupuncture Stimulation"

Speaker #4 Prof. Chae Ha Yang "Acupuncture reduces cocaine-seeking behavior by enhancing GABAergic inhibition in the ventral tegmental area"

- 15:30-16:00 Coffee and Tea Break with Poster Exhibition
- 16:00-17:45 Parallel Sessions (Part 2)
 - <Parallel Session A – Quality Control> with the same list of speakers
 - <Parallel Session B – Pharmacology and Toxicology> with the same list of speakers
 - < Parallel Session C – Herbal formulation and Acupuncture> Supported by HCLD
 - Chaired by Prof. Sang Chan Kim
 - Speaker #5 Prof. Tae Hee Lee "The Way of Progress in Korean Medicine"
 - Speaker #6 Prof. Sun Dong Park "Neuroprotective effects of Gagam Sipjeondaebotang against in vitro and in vivo Parkinson's model"
 - Speaker #7 Prof. Soon Shik Shin "Obesity model in Korean medicine"
- 18:00-18:30 Meeting at the Bus Stop (in front of the Korean Medicine Building) – Bus Ride
 - from DHU to the Welcome Reception
- 18:30-20:00 Welcome Reception
